

Islamic Republic of Afghanistan
Central Statistics Organization (CSO)
Agriculture Statistics System

Introduction

- Located of Afghanistan:
- Provinces of Afghanistan:
- Nationality of Afghanistan people:
- Religion of Afghanistan(99% Muslim):
- Cultures of Afghanistan:
- Language of Afghanistan:
- National language of Afghanistan:

Area of Afghanistan

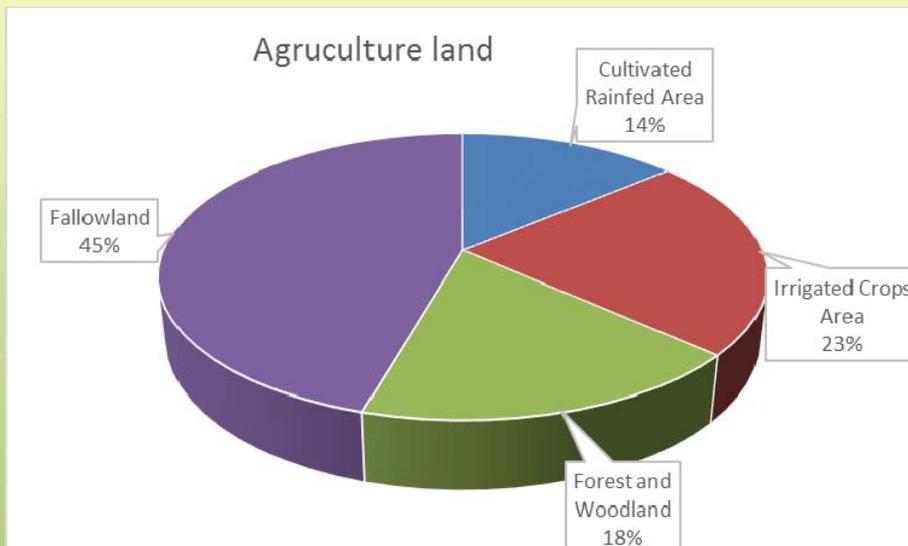

- Total area of Afghanistan is 6522 million hectare.
- The area of Afghanistan according agriculture divided in 6 parts.
 1. Arable lands and plants area(11.96 % of total area)
 2. Pasture are(49%)
 3. Forest area(3%)
 4. Rain fed and irrigated area.

Agriculture area

- Total area agriculture area 6610(thousand hectare)

Central Statistics Office (CSO)

- The only basic organization of the collecting statistical data in Afghanistan is (CSO)
- C.S.O is located in Capital of Afghanistan “Kabul”
- 34 Statistical Departments are over the country
- What are Agriculture statistics office responsibilities?
- What are the responsibilities of provincial statistics offices.

Cost of Agriculture Production Statistics

Unfortunately CSO has not able to design and implement any survey for cost of agriculture production.

But there is a project the name of Integrated food security Phases Classification (IPC) in Ministry of Agriculture, Irrigation and Livestock (MAIL) that design the survey for collecting of data on cost of production as a pilot in 2017.

Cost of Agriculture Production Statistics

Related to production CSO and (MAIL) design and implement surveys like:

- NRVA survey by CSO.
- Pre-Harvest survey by MAIL
- Wheat Crop Cut Survey by MAIL
- Paddy Crop Cut survey by MAIL
- Horticulture survey by MAIL

- Finally as we mentioned there are no data, policy and plan about the cost of agriculture production in Afghanistan, it is the best apart unity that if we know about how to design and make policy about collecting or at least conducting a survey about cost of agriculture production by completing this course or program.
- we tried to find any information or data about this title but we couldn't find, it was one of the reasons that our country report sent late.

Thanks
