Regional Workshop on Short-term Economic Indicators and Service Statistics to Support 2008 SNA Implementation [25—27 September 2017 | Chiba, Japan]

This course started on 25 September. Nineteenth statisticians and national accounts. Participants from the following 17 countries were attended the programme. Cambodia, China, Fiji, Hong Kone-China, Indonesia, Islamic Republic of Iran, Kazakhstan, Malaysia, Mongolia, Nepal, Philippines, Republic of Korea, Samoa, Singapore, Thailand, Timor-Leste and Viet Nam.

The objective of the workshop was to provide guideline for economic tendency surveys, technologies and methods for business cycles indicators, short-term macroeconomic indicators and service sector statistics.

This regional workshop focuses on selected topics as a follow-up to the annual basic- and intermediate-level e-learning SIAP courses that provide the overview of the SNA framework, introduces the new features of the 2008 SNA and builds knowledge and core skills in compilation of national accounts statistics in accordance with the framework. Participants shared practices being followed in their countries.
