

Seventh Workshop on Forging Partnerships for Statistical Training in Asia and the Pacific

10 - 11 September 2018, Chiba

Progress on Training Activities on Gender Statistics by SIAP

Who We Reach

Government statisticians and officials (planning, agriculture, health, civil registration, **gender**, etc.)

	Participants
ESCAP	17,611
Asia	15,607
Pacific	2,004
Non-ESCAP	489
West Asia	70
Africa	301
Europe	43
America	75
Total	18,100

From 1970 to March 2018

2015-2019 Strategic Plan of SIAP

15. • • • The focus areas in the new strategic plan would need to be broader and include population statistics, environment statistics, **gender statistics** and civil registration.
39. • • • Capability building through training is called for by the regional programmes on economic statistics, civil registration and vital statistics, agricultural and rural statistics (RAP), environment statistics and **gender statistics**.
58. Goal 1 Excellence in providing training
Strategic Initiatives:
 - Develop a programme of courses that focus on production of data for core sets of economic, social and population, **gender** and agricultural statistics prioritized by regional programmes, based on periodic appropriately designed training needs assessment
63. The programme areas and indicative priority topics are:
 - Specific domains:
Gender statistics: regional core set of **gender statistics** and indicators

3

Targets for Gender Statistics in SIAP

- Integrating the gender perspective in the production, analysis, use and dissemination of official statistics is the goal of SIAP training courses on gender statistics.
- The training approach also takes the perspective that gender statistics cuts across all fields of statistics and focuses on building capacity of statistical institutions to produce and disseminate core gender statistics and indicators and to improve coordination with users of gender statistics

4

Development of the Network

United Nations Workshop on Improving Integration of a Gender Perspective into Official Statistics in 16 - 19 April 2013, Chiba, Japan

Workshop on Gender Statistics for JICA-KFAW (Kitakyushu Forum on Asian Women) Training on Gender Mainstreaming Policies for Government Officers on 4 June 2014, Chiba, Japan

Pacific Region Workshops on: Gender Statistics and Human Rights Reporting in 4 – 8 August 2014, Nadi, Fiji

5

Contribution to Policy Makers

Gender Mainstreaming Policies for Government Officers

Course outline

- 6 courses by JICA
- Designed for national gender machinery
- Around 10 participants per course
- Course duration: around one month

Training on Gender Statistics

18 June 2015

14, 15 June 2016

17, 18 January 2017

5,6 June 2017

23, 24 January 2018

19, 20 June 2018

6

Gender Statistics in the Overall Training

Theory and Practices in Official Statistics

Course outline

- Every year
- Collaboration with JICA
- Strengthen capability of entities comprising the national statistical system in developing countries to produce, interpret and disseminate key official statistics, recently with a particular focus on data and indicators for the 2030 Agenda and the SDGs
- Around 25 participants per course
- Course duration: around four months

Dates of Gender Statistics

5 – 9 December 2014

18 – 20 November 2015

15, 16 November 2016

12, 13 October 2017

12, 13 November 2018

7

Harmonizing with Events

Workshop on Gender Statistics for SDG Indicators in 12 – 16 November 2018 in Chiba, Japan

date	morning	afternoon
12	Opening	Lecture by UNSD
13	Lecture by Government of Japan	Lecture by SIAP
14	Observation of the Global Forum	
15		
16	Practical training by SIAP	Closing

8

Outline of Workshop on Gender Statistics for SDG Indicators

- Enhance the capacity of countries through training to statistical staff
 - to increase their knowledge
 - to develop their skills to produce data
 - to apply appropriate statistical methods
 - to interpret and utilise these for monitoring progress in achieving the SDGs
- The course will cover the following:
 - * Introductory lecture on basic concepts of gender statistics
 - * Introductory lecture on needs and application of gender statistics in various development fields
 - * Sessions to learn about good examples and best practices on gender statistics
 - * Practical sessions on interpretation of gender statistics
- 16 participants from Asia and the Pacific

9

Way Forward

- Share materials for training, especially for e-learning courses through translation in other languages with supporting institutes
- Facilitate actions at the global level including assessment of training needs and sharing information on training as a member of the Global Network of Institutions for Statistical Training (GIST)
- Support the Governing Council of SIAP to formulate the 2020-2024 Strategic Plan for SIAP
